#### PTL Family Movie Night This Friday!

On Friday, September 21st at 6:30pm PTL will be hosting a family movie night in the gym, showing "Home"! All are invited to bring your pillows and blankets and get comfy. Feel free to come in your pjs or comfortable clothing. Snacks will be provided. A freewill offering will be taken that evening.

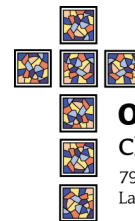

#### Science Guest Speaker

Last week, we had the first of our graduate student guest speakers from the Dept. of Science and Engineering at MSU talk to our 5th-8th graders. Joseph Kerwin, is part of the Department of Mechanical Engineering, and his research involves studying how brain tissue responds to blast loading (explosions) and how the damage occurs. This year, Mrs. Conway and Mrs. List hope that students will be able to see how science is applied in the real world while also getting to hear about some very interesting research going on at MSU. Some of the upcoming presenters will be involving hands-on projects while others will speak and answer student questions.
